Maintain the vibrancy and longevity of your clothing

Say goodbye to hard water spots

Reminder for maintenance

24 hour water coverage

OVERVIEW

The Aqua Magic Plus 1" Twin Digital Metered System ensures a continuous supply of soft water with a service flow rate of 28 GPM and the ability to switch between dual tanks. When one tank is depleted, the other seamlessly takes over, maintaining a round-the-clock soft water system. The system features pre or post-treated water regenerant refill, a dependable DC Drive, and the capacity to perform backwash and brining tasks for tanks with diameters of up to 21". Assembled using NSF-certified components.
