## NEW PRODUCT

# WS2, WS2QC, AND WS2P UPFLOW BRINE PISTON

We have updated each bill of material for all WS2, WS2QC, and new WS2P upflow control valve configurations to use the new V3745 upflow brine piston. The new upflow brine piston is 0.23" (5.84mm) shorter with a dark green coating.

### V3726

WS2, WS2QC: Old Upflow Brine Piston  
WS2, WS2QC, WS2P: Downflow Brine Piston

### V3745

WS2, WS2QC, WS2P: New Upflow Brine Piston

When repairing a WS2 or WS2QC upflow control valve in the field, use the new V3745 Upflow Brine Piston for replacement.

ORDER NUMBER	DESCRIPTION	QUANTITY PER CARTON
