## **BENEFITS**

High efficiency rate

Long material life

No chemicals required

### **CIOXEE150B & CIOXEE250B:**

For reduction of **ferrous (dissolved) iron and manganese compounds**

Wide temperature performance range

### **CIOXEE150BC & CIOXEE250BC:**

For reduction of **ferrous (dissolved) iron and manganese compounds**

Wide temperature performance range

### **CIOXEE150FA & CIOXEE250FA:**

For reduction of **suspended solids**

### **CIOXEE150CR & CIOXEE150CR:**

For reduction of **Iron, Manganese, Hydrogen Sulfide and Arsenic**

### **CIOXEE150CC & CIOXEE250CC:**

For reduction of **Chloramines, Hydrogen Sulfide and Dissolved Organic Compound**

Large PH range

## **OVERVIEW**

The Aqua Magic Guardian Plus Air Draw Series Digital Metered System provides a 27 GPM service flow rate. Assembled using NSF-certified components.

## **FEATURES**

15-volt output DC power supply

Battery backup with 8 hour carry over

Easy to read error display

Few parts for servicing or replacing

Lead free components

Easy programming

Environmentally safe

Four methods of initial regeneration

Meter Immediate

Meter Delayed

Time Clock Delay

Pressure Differential
